GENERAL PRACTICE CLINICS

VOLUME 7

HENRY J. KLAUNBERG, PH.D.
Executive Editor

WASHINGTON INSTITUTE OF MEDICINE
Washington 6, D. C.
1950

CUMULATIVE SUBJECT INDEX

Volume 7, 1950

ABDOMEN
diseases:
–acute abdomen, 153
wounds and injuries:
–nonpenetrating injuries of the abdomen, 99
ABORTION
–habitual abortion, 315
–importance of estrogen in the treatment of abortion, 313
–observations on pathology of spontaneous abortion, 470
ABSTINYL
–remarks on the treatment of alcoholism with abstinyl, 101
ACNE VULGARIS
–hormonal therapy of vulgaris in the female, a clinical attempt at its evaluation, 262
–management of acne vlugaris, 137
–treatment of acne vulgaris, 469
ACTH
–adrenocortropic hormone (ACTH), gross and histologic effects on skin tests and passive transfer, 422
–effects of pituitary adrenocorticotropic hormone (ACTH) therapy (in children), 305
–observation on the physiological effects of cortisone and ACTH in man, 338
ADAMS STOKES ATTACKS
–caused by ventricular fibrillation in a man with otherwise normal heart, 296
ADENOIDECTOMY
–otolarynologist looks at the tonsil and adenoid problem, 120
ADRENALS
cortex:
–adrenal cortex and lymphopathy, 379
–clinical evaluation of adrenal cortical function, 337
–rheumatoid arthritis, studies of adrenocortical and hypophyseal function and the effects thereon of testosterone and pregnenolone therapy, 409
ADRENOCORTICAL HORMONES—*See also Cortisone.*
–treatment of acute alcoholic states with ACTH and adrenocortical hormones, 432
ADRENOCORTICOTROPIC HORMONE—*See ACTH.*
AGGLUTININS
–some observations on anti-O agglutinins, 134
ALCOHOL
–effect of alcohol upon olfactory acuity and the sensation complex of appetite and satiety, 163
methyl—See Methyl Alcohol.
ALCOHOLISM
–Bacchus as a health-giver, 433
–liver function in chronic alcoholic patients; a study of 300 consecutive admissions, 79
–medical aspects of an alcohol service in a general hospital, report of 500 cases, 431
–remarks on the treatment of alcoholism with abstinyl, 101
–some factors affecting the drinking practices of 383 college women in a coeducational institution, 432
–tetraethylthiuramdisulphide in the treatment of alcoholics, 177
treatment:
–role of carethyl (glycoheptatized alcohol) in the treatment chronic alcoholism, 254
–treatment of acute alcoholic states with ACTH and adrenocortical hormones, 432
ALLERGY
–adrenocorticohormone (ACTH), gross and histologic effects on skin tests and passive transfer, 422
–antihistamines; allergy and the common cold, 209
–bronchial asthma; some practical considerations, 162
–clinical evaluation of thenylpyramine hydrochloride (histadyl) in the treatment of allergic symptoms, 217
–death during skin testing, 178
–emotional traumata preceding the onset of allergic symptoms in a group of children, 226
–evaluation of histamine and cholinesterase in allergic phenomena, 381
–idioblaptic disease of the alimentary tract, 17
–parenteral use of neo-antergam, a clinical study, 426
–prevention of soporific effects of certain antihistamine drugs, 177
–winter asthma, 16
food:
–thephorin (phenindamine) in the treatment of gastrointestinal allergy, 104
ALUMINUM
–aluminum foil as a dressing for burns, 98
–report on peptic ulcer therapy using a new antacid, 102
AMEBIASIS
–amebiasis (amebic colitis), present-day management, 342
–aureomycin in treatment of amebiasis, 103, 260
–new potent drug for amebiasis (milibis), 123
–preliminary report of the successful treatment of amebiasis with aureomycin, 133
AMINO ACIDS
–amino acid supplement in feeding of premature infants, 184
AMPIN
–use of ampin, an automatic ampule injector for routine and emergency hypodermic medication, 376

ANALGESIA
–newer analgesic methods and agents of value in the control of pain, 238
ANATHION
–treatment of arthritis with "anathion", 220, 339
ANEMIA
hemolytic:
–hemolytic anemia complicating virus pneumonia, 81
megaloblastic:
–pathogenesis of megaloblastic anemia in infancy, 454
pernicious:
–folic acid and neurologic manifestations of pernicious anemia, 267
–hemopoietic response of patients with pernicious anemia to crystalline vitamin B_{12}, 257
–rate of erythrocyte regeneration in pernicious anemia, 73
of pregnancy:
–prophylactic use of a molybdenum-iron complex in pregnant patients, 312
ANESTHESIA—*See also, Saddle-block*
–combined anesthesia with sodium pentothal, curare and nitrous oxide, report of 625 cases, 371
–in cesarean section, with special reference to the use of d-tubocurarine chloride, 273
–determination of the anesthetic procedure of choice, 150
–flaxedil as a curarizing agent in anesthesia, 97
–prolonged anesthesia using neosynephrin-pontocaine, 238
–use of metubine in anesthesiology, 443
–use of sodium pentothal in operations on ear, nose and throat, 49
local:
–effect of local anesthesia on the tensile strength of healing wounds, 319
pediatric:
–agents and technique employed in pediatric anesthesia, 459
ANNOUNCEMENT
–Dr. George Stragnell becomes president of Organon, Inc., Orange, New Jersey, 89
–Dr. Harold K. Faber to direct polio research project at Stanford University, 89
–General Armstrong sworn in as Air Force Surgeon General, 57
–M. William Amster, M.D. appointed head of Medical Service, Schering Corporation, Bloomfield, N. J., 89
–National Gastroenterological Association 1950 award contest, 91
ANORECTAL STRICTURE
–congenital anorectal stricture, 462
ANOREXIA NERVOSA
–anorexia nervosa, 224
ANOXIA
–physiologic background of fetal anoxia at birth and cyanosis in the newborn, 230
ANTACID
–experiences with sodium carboxymethylcellulose as an antacid, 10
–laboratory and clinical evaluation of a new antacid preparation, 68
–report on peptic ulcer therapy using a new antacid, 172
ANTIBIOTICS—*See also Aureomycin; Bacitracin; Chloramphenicol; Chloromycetin; Penicillin; Streptomycin, Terramycin.*
–appendicitis, with consideration of the newer drugs in appendicial peritonitis, 36
–bacteriological studies of the newer antibiotics, effect of combined drugs on microorganisms, 405
–effect on transfusions and antibiotics on the duration of life in children with lymphogenous luckemia, 454
–pitfalls of chemotherapy and antibiotics in surgery, 40
–present status of antibiotics and other agents for the treatment of urinary infections, 321
–sulfamylon-streptomycin combats wound infection, aids healing, 123
ANTICOAGULANTS
–treatment and prevention of pulmonary embolism, venous thrombosis and other thrombo-embolic episodes, 67
ANTIHISTAMINES—*See also Antihistine; Benadryl; Dramamine; Neoantergan; Thephorin.*
–antihistamine withdrawal syndrome; report of three cases, 218
–antihistamines—allergy and the common cold, 209
–clinical evaluation of chlorcyclizine (perazil), 217
–clinical evaluation of thenylpyramine hydrochloride (histadyl) in the treatment of allergic symptoms, 217
–comparative toxicity and side effects of the antihistamine drugs, 216
–new indications for antihistamine therapy, sunburn and insect bites, 295
–prevention of soporific effects of certain antihistamine drugs, 177
–some pharmacological properties common to antihistamine compounds, 261
–treatment of radiation sickness with a synthetic antihistamine, 252
ANTIMALARIAL DRUGS—*See Malaria, treatment*
ANTISTINE
–sensitization to anistine, 269
ANURIA
–acute renal insufficiency; a comparison of the use of an artificial kindney, peritoneal lavage and more conservative measures in its management, 205
–conservative treatment of anuric uremia, 204
APPENDICES EPIPLOICAE
–as a cause of acute abdominal pain, 280

APPENDICITIS
–appendicitis, with consideration of the newer drugs in appendiceal peritonitis, 36
–changing picture in appendiceal disease, 370
APPETITE
–effect of alcohol upon olfactory acuity and the sensation complex of appetite and satiety, 163
ARRHYTHMIA
–diagnosis and treatment of the cardiac arrhythmias, 8
–diagnosis and treatment of cardiac arrhythmias, 174
ARSENIC
–use of Bal (British Anti-Lewisite) in treatment of the injurious effects of arsenic, mercury and other metallic poisons, 7
ARTANE
–treatment of parkinsonism with artane, 266
ARTHRITIS
–diversity ohf gouty arthritis and its complications, 12
–treatment of arthritis with "anathion" 220, 339
rheumatoid:
–cortisone in rheumatoid arthritis, observations of fifteen patients, 407
–effects of certain steroid compounds or various manifestations of rheumatic arthritis, 69
–relief of pain in rheumatoid arthritis with tetraethylammonium bromide, 127
–rheumatoid arthritis, clinical effects of testosterone and pregnenolone therapy, 408
–rheumatoid arthritis, studies of adrenocortical and hypophyseal function and the effects thereon of testosterone and pregnenolone therapy, 409
–treatment of rheumatoid arthritis with pregnenolone, 409
ASCARIDIASIS
–treatment of ascaridiasis and the danger of mercurial drugs for this purpose, 182
ASPHYXIATION
–mechanism of asphyxiation in bulbospinal infantile paralysis with initial experiences in surgical therapy, 155
ASPIRIN
–problem of aspirin allergy with a report on skin testing with salicylate-containing human serum, 428
ASTHMA
–bronchial asthma; some practical considerations, 162
–observations on the use of bacterial antigens in the treatment of asthma, 424
–prevention of infectious asthma, 452
–winter asthma, 16
ATABRINE
–toxic hepatitis presumably produced by massive prolonged ingestion of atabrine, case report with autopsy findings, 422
ATOMIC EXPOSURE
–radiation burns, including vocational and atomic exposures, treatment and surgical prevention of chronic lesions, 279
ATROPINE
–poisoning from atropine eye drops, 306
AUREOMYCIN
–anorectogenital lymphogranuloma venereum and granuloma inguinale treated with aureomycin, 387
–aureomycin in near fatal atypical pneumonia; case report, 103
–aureomycin treatment of herpes zoster, 179
–blood and urine levels achieved in intravenous administration of aureomycin, 406
–clinical evaluation of aureomycin, chloramphenicol, and terramycin, 407
–in the treatment of amebiasis, 103, 260
–in the treatment of chancroid; a report of three cases, 136
–in the treatment of gonorrhea in the male, 246
–in the treatment of some dermatoses, 302
–oral administration of aureomycin in the treatment of urinary infections, 86
–oral aureomycin in the therapy of granuloma inguinale, 289
–preliminary report of the successful treatment of amebiasis with aureomycin, 133
–therapeutic results with aureomycin and chloramphenicol, 296
–treatment of lymphogranuloma venerum with aureomycin, 245
–treatment of syphilis with aureomycin administered by mouth, 329
AZATOMIA
–"crush" syndrome in obstetrics and gynecology, 187
BACITRACIN
–systemic bacitracin in treatment of progressive bacterial synergistic gangrene, 234
toxic effects:
–nephrotoxicity of bacitracin in man, 283
BACTERIAL ANTIGENS
–observations on the use of bacterial antigens in the treatment of asthma, 424
BAL
–use of BAL (British Anti-Lewisite) in treatment of the injurious effects of arsenic, mercury and other metallic poisons, 7
BALL TRACTOR
–use of a ball tractor in repair of vesicovaginal fistula, 115
BANTHINE
–in the control of duodenal ulcer, 417
–use of banthine in the treatment of

duodenal ulcer, preliminary report, 448
BARBITURATES
–treatment of barbiturate poisoning, 417
BCG VACCINATION
–increase in weight during infancy after BCG vaccination especially during the first three months of age, 360
BENADRYL
–control of pruritus with diphenhydramine (Benadryl) hydrochloride ointment, 385
BILHARZIASIS
–late complications of urinary bilharziasis, 240
BIOPSY
–application of sponge biopsy for cancer diagnosis in office practice, 54
BLADDER
–in pregnancy, 310
diseases—See Cystitis.
BLOOD
groups:
–some observations on anti-O agglutinins, 134
red cells—See Erythrocytes.
tests:
–seropositivity in patients previously treated for syphilis: the differentiation between seroresistence and "treatment failure", 137
BLOOD PRESSURE—*See Hypertension.*
BLOOD TRANSFUSIONS
–effect of transfusions and antibiotics upon the duration of life in children with lymphogenous leukemia, 454
–organic-psychic late sequelae of transfusion accident, 141
BOOK REVIEWS
–Adrenal cortex, 335
–Adrenal cortex conference, transactions of the first conference, November 21–22, 1949, 403
–Antibiotics, a survey of penicillin, streptomycin and other antimicrobial substances from fungi, actinomycetes, bacteria and plants, 378
–Cerebral palsy, 403
–Current therapy, 1950, 291, 335
–Emotional disorders of children, 402
–Evaluation of chemotherapeutic agents, 95
–Hemorrhagic disorders, a guide to diognosis and treatment, 402
–Isotopic tracers and nuclear radiations, with applications to biology and medicine, 56
–Market-mills industry, 2nd. ed., 334
–Merck manual of diagnosis and therapy, 376
–Proceedings of the first clinical ACTH conference, 290
–Readings on the psychological development of infants and children, 1950, 335
–Story of scabies, vol. 1, 95
–Syphilis, its course and treatment, 95
–Textbook of Endocrinology, 377
–Twenty-second anniversary number of Harofé Haivri (The Hebrew Medical Journal), 292
BORIC ACID
–boric acid as a poison, 22
BOWEL FUNCTION
–method of improving function of the bowel; use of methylcellulose, 65
BRAIN
–cerebral circulation and metabolism in hyperthyroidism, 452
BREAST
–acute mastitis, 28
BREAST MILK
–studies on the nitrogen metabolism in premature infants fed on breast milk with and without addition of protein hydrolysate, 270
BREECH PRESENTATION
–analysis of breech deliveries in a general hospital, 232
BRONCHUS
cancer:
–treatment of brochogenic carcinoma with nitrogen mustard, 126
BRUCELLOSIS
–brucellosis with jaundice; report of a case, 76
BURNS—*See also Radiation Burns.*
–aluminum foil as a dressing for burns, 98
–conservative management of chemical burns of the esophagus and their sequelae, 47
–present status of treatment of severe burns, 35
CAFERGONE
–cafergone for relief of headache, a further study, 221
–treatment of migraine with cafergone, 170
–use of ergot-caffein suppositories in migraine, 169
CALCIFEROL
–some investigations on the value of calciferol therapy in lupus vulgaris, 428
CANCER
diagnosis:
–application of sponge biopsy for cancer diagnosis in office practice, 54
–carcinoma cells in sputum and bronchial secretions; a study of 150 consecutive cases in which results were positive, 82
–practical and inexpensive "screen test" for cancer, 383
prognosis:
–effect of the microscopically controlled technic of chemosurgery on the prognosis in external cancer, 149
CAPILLARY FRAGILITY
–hesperidin-C and capillary fragility, 76
CARBOXYMETHYLCELLULOSE
–experiences with sodium carboxymethylcellulose as an antacid, 10
CAROTID
–suggestion for treatment of sequelae of cerebral vascular lesions, with intracarotid injections, 141

CASTRATION
–functional study of the disturbances following castration in women; comparison of subjective symptons and vaginal tests, 148
CAUTERY
–actual cautery surgery in dermatology, 352
CEREBROSPINAL FLUID
–use and abuse of spinal puncture and cerebrospinal fluid studies, 20
CEREBROVASCULAR DISEASES
–suggestion for treatment of sequelae of cerebral vascular lesions, with intracarotid injections, 141
CESAREAN SECTION
–anaesthesia in caesarean section, with special reference to the use of d-tubocurarin chloride, 273
–extraperitoneal cesarean section, a review of 71 consecutive operations, 401
CEPHALIN-CHOLESTEROL FLOCCULATION TEST
–cephalin-cholesterol flocculation reaction in heart disease, 349
–cephalin-cholesterol flocculation reaction in rheumatic heart disease, 349
CHANCROID
–aureomycin in the treatment of chancroid; a report of three cases, 136
CHEMOSURGERY
–effect of the microscopically controlled technic of chemosurgery on the prognosis in external cancer, 149
CHEMOTHERAPY
–(in ophthalmology), 324
–pitfalls of chemotherapy and antibiotics in surgery, 40
CHILDREN—*See also Infants.*
–chloromycetin in the treatment of pneumonia in infants and children, a preliminary report on 33 cases, 268
–congenital obstruction of the alimentary tract in infants and children, errors of rotation of the midgut, 269
–dangers of excessive dosage of vitamin D_2 in children, 304
–effect of transfusions and antibiotics on the duration of life in children with lymphogenous leukemia, 454
–effects of pituitary adrenocorticotropic hormone (ACTH) therapy (in children), 305
–ingestion by children of various substances, including poisons, 228
–intussusception in infants and children, 456
anesthesia for:
–agents and techniques employed in pediatric anesthesia, 459
CHLORAMPHENICOL
–chloramphenicol in bacillary infections of the urinary tract, 159
–clinical evaluation of aureomycin, chloramphenicol, and terramycin, 407
–therapeutic results with aureomycin and chloramphenicol, 296
–treatment of gonorrhea with chloramphenicol, 171
CHLORCYCLIZINE
–clinical evaluation of chlorcyclizine (perazil), 217
CHLORIDE
–bedside determination of chloride, a method for plasma, urine and other fluids and its application to fluid balance problems, 421
CHLOROMYCETIN
–chloromycetin in the therapy of granuloma inguinale, 369
–clinical trial with chloromycetin in Shigella dysenteriae (Sonne), 462
–in the treatment of encephalitic forms of typhoid fever, 261
–in the treatment of pneumonia in infants and children, a preliminary report on 33 cases, 268
–treatment of typhoid fever with chloromycetin, 132
–treatment of typhoid fever with chloromycetin; results in four cases and in a chronic carrier, 11, 170
CHLOROQUINE
–treatment of falciparum malaria with intramuscular chloroquine, 71, 173
CHOLESTEROLS
–cholesterol metabolism in health and disease, 74
CHOLINESTERASE
–evaluation of histamine and cholinesterase in allergic phenomena, 381
CLEFT PALATE
–modern trends in hare-lip and cleft palate surgery, 286
COCCIDIODOMYCOSIS
–progressive disseminated coccidiodomycosis, 166
COLITIS
–post-dysenteric colitis, 346
ulcerative:
–chronic ulcerative colitis, an allergic disease, 293
COLLAGEN
–masked collagen disease, 257
COMMON COLD
–antihistamines; allergy and the common cold, 209
CONTRACEPTION
–study of a simple contraceptive method for clinic and private patients, 318
CORTISONE—*See also Adrenocortical Hormones.*
–effect of cortisone on the cardiogram, 447
–in rheumatoid arthritis, observations of fifteen patients, 407
–observations on the physiological effects of cortisone and ACTH in man, 338
CRUSH SYNDROME
–"crush" syndrome in obstetrics and gynecology, 187
CRYPTORCHIDISM
–cryptorchidism, 44

CURARE—*See also* **Metubine**
–anaesthesia in caesarean section, with special reference to the use of d-tubocurarine chloride, 273
–combined anesthesia with sodium pentothal curare and nitrous oxide, report of 625 cases, 371
CURETHYL
–role of curethyl (glycohepatized alcohol) in the treatment of chronic alcoholism, 254
CURETTAGE
uterine:
–rupture of the uterus in labour due to previous perforation of its walls at curettage, 393
CYANOSIS
–physiologic background of fetal anoxia at birth and cyanosis in the newborn, 230
CYSTITIS
interstitial:
–interstitial cystitis in the male, 322
CYSTS
–diagnosis and treatment of maxillary cysts, 243
DARIER'S DISEASE
–vesicular Darier's disease (so-called benign familial pemphigus), a variant of Darier's disease, 352
DEAFNESS
–physician's responsibility toward the hard-of-hearing and deafened, 243
congenital:
–rubella-deafened infants, comparison of a group of rubella-deafened children with a group of hereditarily deaf children and their sibs, 271
DEATH
sudden:
–sudden death during surgical operations with report of efforts to revive the heart, 236
DERMATITIS
–death from dermatitis and stomatitis during streptomycin therapy, 297
–phophylaxis of Rhus toxicodendron dermatitis, 138
DERMATOLOGIST
–dermatologist and the psychiatrist, 122
DERMATOLOGY—*See also under various skin diseases and various drugs.*
–actual cautery surgery in dermatology, 352
–leukocyte and differential blood counts as a diagnostic aid in some common dermatologic problems, 135
–ringworm of the scalp in school children of Louisville, 143
–ten per cent crotonyl-N-ethyl-O-toluidine ointment (Eurax), a new scabeticidal agent, 17
DERMATOSES
–aureomycin in the treatment of some dermatoses, 302
–dermatoses due to contact and treatment with streptomycin, 180
–preliminary experiences with suprasonic therapy in dermatoses, 264
DETERGENTS
–clinical evaluation of a bactericidal detergent for hand preparation in urologic practice, 282
DIABETES MELLITUS
–diabetes mellitus complicated by hypercholesterolemia, lipemia retinalis and hepatomegaly; a case report, 190
–diabetes in pregnancy, 311
–evaluation of the use of various insulin preparations in diabetes mellitus, 173
–gynecomastia in "liver dysfunction" diabetes, 411
–insurance aspects of insulin resistant diabetics, 80
–lipotropic agents in treatment of liver dysfunction of diabetes mellitus, 73
–problems in treatment of diabetes mellitus, 125
–significance of the Exton-Rose tolerance test for the diagnosis of diabetes mellitus, 410
–studies on diabetes mellitus, the relation of stressful life situations to the concentration of ketone bodies in the blood of diabetic and non-diabetic humans, 410
DIARRHEA
epidemic:
–epidemic diarrhea of the newborn during and after the neonatal period, 460
DICUMAROL
–dicumarol and the newer anticoagulant drugs, 193
–dicumarol prophylaxis of thromboembolic disease in congestive heart failure, 253
–hemopericardium without rupture of the heart following dicumarol therapy for myocardial infection, 66
–prothrombin estimation and dicoumarol therapy (reference), 382
–in the treatment of heart disease complicated by pregnancy (reference), 381
–treatment with dicumarol in small continuous doses, 381
–use of dicumarol in acute myocardial infarction, 297
–effect of diethylstilbestrol in prolongation of pregnancy, 115
–in mumps orchitis, prophylactic and therapeutic use, 158
–in nausea and vomiting of pregnancy, 273
–use of diethylstilbestrol to prevent fetal loss from complications of late pregnancy, 105
DIHYDROERGOTAMINE
–herpes zoster, treatment of pain with dihydroergotamine, 300
–treatment of postlumbar puncture headache with DHE-45 (dihydroergotamine), 236
–use of a new linear diffusion method for microbiological assay of streptomycin and dihydrostreptomycin, 104
DILANTIN

–erythema bullosum malignans following dilantin therapy, 464
DIURETICS
mecurial—See also Thiomerin.
–clinical experience with mercurital, an oral mercurial diuretic in ambulatory patients, 447
–clinical report on the toxicity of a new mercurial diuretic (thiomerin) for subcutaneous administration, 176
DIVERTICULITIS
–surgical management of the complications of diverticulitis of the large intestine, analysis of 202 cases, 446
DRAMAMINE
–dramamine trials in the United States Navy, 423
DRUG ADDICTION
–withdrawal treatment of drug addiction, 165
DUMPING
–dumping syndrome; what makes it and how to avoid it, 14
DUODENUM
–prolapse of the gastric mucosa into the duodenal bulb, 200
ulcer:
–banthine in the control of duodenal ulcer, 417
–duodenal ulcers in infants, 307, 389
–use of banthine in the treatment of duodenal ulcer, preliminary report, 448
DYSENTERY
–clinical trial with chloromycetin in Shigella dysenteriae (Sonne), 462
DYSEMENORRHEA
–micronized stilbestrol with B complex vitamins for essential dysmenorrhea, 369
–vasodilators in the treatment of functional dysmenorrhea, 274
EAR
diseases:
–some observations upon the otological effects of streptomycin intoxication, 47
middle—See Middle Ear.
EARLY RISING
–for puerperal women, 440
ECLAMPSIA
–treatment of eclampsia, 392
–treatment of quadriplegia following eclampsia with vitamin B_6, adermin, 145
ECZEMA
–some thoughts on infantile eczema, 384
EDEMA
–gelatinous edema, a pathognomonic sign in mumps, 306
–modern management of congestive heart failure with especial reference to edema, 348
EHLERS-DANLOS SYNDROME
–Ehlers-Danlos syndrome, 458
ELECTROCARDIOGRAPHY
–effect of cortisone on the cardiogram, 447
–unipolar electrocardiographic studies on congenital heart disease, 457
ELECTROLYTES
–fluid and electrolyte balance, 37
ELECTRON THERAPY
–with a six million electronvolt betatron, 382
ELECTROSHOCK
–effect of electric shock therapy on the menstrual cycle in psychiatric diseases, 441
EMBOLISM
–thromboembolism, 149
–treatment and prevention of pulmonary embolism, venous thrombosis and other thrombo-embolic epidsodes, 67
EMOTIONS
–life situations, emotions and colonic function, 139
ENCEPHALITIS
typhoid:
–chloromycetin in the treatment of encephalitic forms of typhoid fever, 261
ENDARTERITIS
–diagnostic significance of retinal arterial systolic pressure; endarteritis obliterans of the central retinal artery, 191
ENDOCARDITIS
–bacterial endocarditis (reference), 380
–subacute bacterial endocarditis in pregnancy, 145
ENDOCRINES—*See also Hormones.*
–endocrine concepts of gynecomastia, 413
ENDOMETRIOSIS
–clinical experience in endometriosis, 398
–endometriosis with particular reference to involvement of the sigmoid, 239
–modern trends in treatment of pelvic endometriosis, 147, 231
ENDOMETRIUM
–endometrial hyperplasia producing a syndrome simulating early pregnancy, 439
ENURESIS
–enuresis, a report of two interesting cases, 46
EOSINOPHILIA
–eosinophilia in infectious mononucleosis, 128
EPILEPSY
–electivity in the therapy of epilepsy, 304
–emergency psychotherapy in general practice, hysteria and epilepsy, 18
–epileptic variants often mistaken for the psychoneuroses; differential diagnosis and treatment, 19
–newer concepts of epilepsy, 19
treatment:
–fatality following "tridione," 265
–treatment of adults for epilepsy. I. Toxic effect of 3-methyl 5-5-phenylethylhydantoin. II. General principles, 180, 81
–treatment of status epilepticus, 303
EPINEPHRINE
–observations in cardiac arrest during operation; ventricular fibrillation with recovery after intracardiac epinephrine; case report, 39

EPIPHYES
femoral:
–slipped captial femoral epiphysis, 276
ERGOT
–dihydrogenated alkaloids of ergot in treatment of peripheral vascular disease, 130
ERGOTAMINE—*See Dihydroergotamine.*
ERYSIPELAS
–sulfamide therapy of erysipelas of the head; report of 250 cases treated over a period of ten years, 222
ERYTHEMA BULLOSUM MALIGNANS
–following dilantin therapy, 464
ERYTHEMA MULTIFORM EXUDATIVUM
–the Stevens-Johnson syndrome, 298
ERYTHEMA NODOSUM
–case of erythema nodosum following benign abacterial meningitis, 299
–erythema nodosum in an eighteen-month old infant which led to discovery of moderately advanced tuberculosis in the mother, 179
ERYTHROBLASTOSIS
–case of maternal immunization with erythroblastosis fetalis, 27
–observations on the effect of certain of the antimalarial drugs on erythrocytes, 453
–rate of erythrocyte regeneration in pernicious anemia, 73
ESOPHAGUS
–conservative management of chemical burns of the esophagus and their sequelae, 47
–improved esophagoscopy, 56
ESTRADIOL
–suppression of lactation in puerperae by ethinyl estradiol, 438
ESTROGENS—*See also Diethylstilbestrol; Estradiol; Hormoestrol; Stilbestrol.*
–estrogenic therapy with prolonged action; report on water suspension of estradiol monobenzoate, 106
–hormone deficiency during the menopause and in old age, 317
–importance of estrogen in the treatment of abortion, 313
–nausea and vomiting induced by pregnancy or by administration of synthetic estrogen; treatment with antihistamine compounds; a further study of an additional 50 cases, 186
ETHYLENE DISULFONATE
–ethylene disulfonate and hemolytic disease of the newborn, 21
ETHENYL ESTRADIOL—*See Estradiol.*
EURAX
–ten per cent crotonyl-N-ethyl-O-toluidine ointment (Eurax), a new scabieticidal agent, 17
EXTON-ROSE TOLERANCE TEST
–significance of the exton-Rose tolerance test for the diagnosis of diabetes mellitus, 410
EXTREMITIES
–injuries of the extremities as specific sequelae of electric trauma, 200
EYE DROPS
–atropine poisoning from atropine eye drops, 306
EYES
–associated eye and skin manifestations of systemic disease, 326
–practice of ventilated contact lenses, 52
diseases:
–local and general sulfamide therapy in diseases of the eye, (badional, eleudron, supronalum and marabadal), 244
–rosacea complex, including its ocular components, 327
surgery:
–preoperative care of patients for intraocular surgery, 117
EYEWEAR FRAMES
–safety eyewear frame selection made easy, 287
FATIGUE
–fatigue, 453
FATS
–multiple sclerosis, correlation of its incidence with dietary fat, 466
FEMUR
–optimum time for operation in nailing of the femoral neck, 199
FEMUR
–slipped capital femoral epiphysis, 276
FEVER THERAPY
–effect, of induced fever on cerebral function in neurosyphilis, 468
FLAXEDIL
–flaxedil as a curarizing agent in anesthesia, 97
FLUID BALANCE
–bedside determination of chloride, a method for plasma, urine and other fluids and its application to fluid balance problems, 421
–fluid and electrolyte balance, 37
FOLIC ACID
–and the neurologic manifestations of pernicious anemia, 267
FORCEPS
–cause and management of foiled forceps cases, 364
FRACTURES
–optimum time for operation in nailing of the femoral neck, 199
–treatment of carpal navicular injuries, 87
GALACTORRHEA
–hormone treatment of puerperal galactorrhea, 314
GALLSTONES
–obstruction of the bowel due to gallstone, 419
GANGRENE
–systemic bacitracin in treatment of progressive bacterial synergistic gangrene, 234
GANTRISIN
–clinical evaluation of gantrisin (NU-445), 320
–gantrisin; an in vivo and in vitro study in urinary infections, 78

GASTRIC ULCER
–recurrence of gastric ulcer after complete vagotomy, 28
GASTROINTESTINAL TRACT
–combined medical and surgical management of upper gastrointestinal hemorrhage, 33
–dumping syndrome; what makes it and how to avoid it, 14
–idiopathic disease of the alimentary tract, 17
–prolapse of the gastric mucosa into the duodenal bulb, 200
–surgical treatment of peptic ulcer; surgical indications and operative procedure, 198
allergy:
–Thephorin (phenindamine) in the treatment of gastrointestinal allergy, 252
GINGIVOSTOMATITIS
–acute herpetic gingivostomatitis in the adult, 301
GLAUCOMA
–principles of nonsurgical treatment of glaucoma, 288
–surgery of primary glaucoma, 49
–treatment of congenital glaucoma with beta radiation, report of a case, 116
GLOMERULONEPHRITIS
–recent advances in our knowledge concerning the nephrotic syndrome, 84
GLUCOSE TOLERANCE—*See Exton-Rose Tolerance Test.*
GLUTAMIC ACID
–use of glutamic acid hydrochloride for nausea and vomiting of pregnancy, 435
GONADOTROPIN
–chorionic gonadotrophin intoxaemias of pregnancy, 392
GONORRHEA
–aureomycin in the treatment of gonorrhea, in the male, 246
–oral penicillin in the treatment of gonococcal urethritis, 388
–prevention of gonorrhea with penicillin tablets, 160
–treatment of gonorrhea with chloramphenicol, 171
–treatment of gonorrhea in the female by local submucous injections of penicillin, 190
GOUT
–diversity of gouty arthritis and its complications, 12
–newer advances in gout, 12
GRANULOMA INGUINALE
–anorectogenital lymphogranuloma venereum and granuloma inguinale treated with aureomycin, 387
–chloromycetin in the therapy of granuloma inguinale, 369
–oral aureomycin in the therapy of granuloma inguinale, 289
–treatment of granuloma inguinale with streptomycin, 437
GYNECOLOGY
–"crush" syndrome in obstetrics and gynecology, 187
–modern trends in treatment of pelvic endometriosis, 147
–ureter, gynecologist and urologist, 205
GYNECOMASTIA
–endocrine concepts of gynecomastia, 413
–in "liver dysfunction" diabetes, 411
HARELIP
–modern trends in hare-lip and cleft palate surgery, 286
HEADACHE
–cafergone for relief of headache, a further study, 221
–evaluation of a new agent (methyl-iso-octenylamine in the treatment of vasodilating headaches, 254
–treatment of hereditary cephalalgia, 139
–treatment of postlumbar puncture headache with DHE-45 (dihydroergotamine), 236
HEART—*See also Myocardium.*
–Adams-Stokes attacks caused by ventricular fibrillation in a man with otherwise normal heart, 296
–observations in cardiac arrest during operation; ventricular fibrillation with recovery after intracardiac epinephrine; case report, 39
–sudden death during surgical operations with report of efforts to revive the heart, 236
catherization:
–use of cardiac catherization in medical practice, 152
diseases—See also Rheumatic Heart Disease.
–cephalin-cholesterol flocculation in heart disease, 349
–diagnosis and treatment of the cardiac arrhythmias, 8, 174
–dicumarol prophylaxis of thromboembolic disease in congestive heart failure, 253
–hemopericardium without rupture of the heart following dicumarol therapy for myocardial infection, 66
–modern management of congestive heart failure, with especial reference to edema, 348
–unipolar electrocardiographic studies in congenital heart disease, 457
–use of a cholinergic agent in diagnosis of borderline cardiac disease, 133
–use of quinidine, 9
HEART BLOCK
–clinical aspects of complete auriculoventricular heart block, clinical analysis of 71 cases, 350
HEMATEMESIS
–packing of mediastinum in treatment of hematemesis due to esophageal varices, 151
HEMATOCOLPOS
–case of hematocolpos, hematometra and hematosalpinx in imperforate hymen, 113
HEMATURIA
–and sickle cell disease, unexplained, gross unilateral renal hematuria in

negroes, coincident with the blood sickling trait, 284
–sulfonamide hematuria, frequency of injury to the urinary tract as estimated on the basis of 6,084 cases treated with different sulfonamide preparations, 391
HEMORRHAGE
–bleeding peptic ulcers, 30
–combined medical and surgical management of upper gastrointestinal hemorrhage, 33
–hemorrhagic manifestations in the newborn, 142
–postmenopausal bleeding from benign uterine lesions, 233
HEPATITIS
–toxic hepatitis presumably produced by massive prolonged ingestion of atabrine, case report with autopsy findings, 422
HEREDITY
–treatment of hereditary cephalalgia, 139
HERNIA
diaphragmatic:
–diaphragmatic hernia—summary of recent literature, 1
HERPES ZOSTER
–acute herpetic gingivostomatitis in the adult, 301
–after irradiation, 300
–aureomycin treatment of herpes zoster, 179
–herpes zoster, treatment of pain with dihydroergotamine, 300
–histologic changes in sensory nerves of the skin in herpes zoster, 263
–use of sympathetic nerve block in the ambulatory patient with special to its use in herpes zoster, 416
HERXHEIMER REACTION
–fatal Herxheimer reaction following penicillin therapy, 246
HESPERIDIN
–hesperidin-C and capillary fragility, 76
HEXYLRESORCINOL
–treatment of taenia saginata with a hexylresorcinol emulsion administered into the duodenum, 15
HISTADYL
–clinical evaluation of thenylpyramine hydrochloride (histadyl) in the treatment of allergic symptoms, 217
HISTAMINE
–evaluation of histamine and cholinesterase in allergic phenomena, 381
HORMOESTROL
–in the treatment of chronic non-inflammatory rheumatisms after the menopause, 379
HORMONES—*See also Adrenocortical Hormones; Estrogens; Gonadotropin; Pregnenolone; Testosterone.*
–hormonal therapy of acne vulgaris in the female, a clinical attempt at its evaluation, 262
–hormonal therapy in the aged, 419
–hormone treatment of puerperal galactorrhea, 314
–simplified technique for hormone implantation in gynecology, 395
HYDATID MOLE
–interstitial hydatid mole with spontaneous perforation and rupture of the uterine cornu, 113
HYDRONEPHROSIS
–massive hydronephrosis as an abdominal emergency, 391
–pituitrin therapy in hydronephrosis, 84
HYMEN
–case of hematocolpos, hematometra and hematosalpinx in imperforate hymen, 113
HYPERTENSION
–emotional problems of high blood pressure, 465
–psychosomatic aspects of essential hypertension, 181
–veratrum viride (bioassayed) in treatment of essential hypertension, 221, 380
malignant:
–hypertensive cardiovascular disease (acute) (malignant hypertension), clinical and pathologic study of thirty-nine cases (reference), 381
HYPERTHYROIDISM
–cerebral circulation and metabolism in hyperthyroidism, 452
treatment:
–methylthiouracil, an antithyroid agent, 253
–prophyl and methyl thiouracil and radio-active iodine in the treatment of hyperthyroidism, 219
HYPOCHONDRIASIS
–on the treatment of hypochondriasis, 266
HYPODERMICS
–use of ampin, an automatic ampule injector for routine and emergency hypodermic medication, 376
HYPOHYSIS—*See Pituitary*
HYPOSPADIAS
–preschool age repair of hypospadias with free inlay skin graft, 43
HYSTERECTOMY
–functional study of the disturbances following castration in women; comparison of subjective symptoms and vaginal tests, 148
–technic for vaginal hysterectomy with only four vascular pedicles with the aid of a special cystic duct hemostatic forceps, 33
–emergency psychotherapy in general practice, hysteria and epilepsy, 18
HYSTEROSALPINGOGRAPHY
–in the study of sterility, 398
IMMUNIZATION
–measure of immunologic responses to an improved preparation of diptheria and tetanus toxoids (alum precipitated) combined with pertussis vaccine, 458
INDUSTRIAL MEDICINE
–safety factors for radium-containing

static eliminators; used in printing and allied industries, 120
INFANTS—*See also Children.*
–congenital anorectal stricture, 462
–duodenal ulcers in infants, 307, 389
–epidemic diarrhea of the newborn during and after the neonatal period, 460
–erythema nodosum in an eighteen-month old infant which led to discovery of moderately advanced tuberculosis in the mother, 179
–increase in weight during infancy after BCG vaccination especially during the first three months of age, 360
–pathogenesis of megaloblastic anemia in infancy, 454
–some thoughts on infantile eczema, 384
–unipolar electrocardiographic studies on congenital heart disease, 457
feeding:
–naturally modified milk modifier clinical studies of apple syrup as a carbohydrate for infant feeding, 307
premature:
–amino acid supplement in feeding of premature infants, 184
–experimental use of testosterone compounds in premature infants, 183
–meningitis in premature infants, 271
–methyl testosterone and plasma for premature infants, 313
–studies on the nitrogen metabolism in premature infants fed on breast-milk with and without addition of protein hydrolysate, 270
INFECTIONS
–focal infection in the etiology of disease, 127
local:
–use of sulfamylon-streptomycin mixtures in the prevention and treatment of local infections, 97, 255
INSECT BITES
–new indications for antihistamine therapy, sunburn and insect bites, 295
INSEMINATION, ARTIFICIAL
–problems and treatment of the infertile couple, 247
INSTINCTS
–instincts and emotions in an anencephalic monster, 107
INSULIN
–evaluation of the use of various insulin preparations in diabetes mellitus, 173
–time action of globin insulin compared with that of protamine insulin modifications, 451
INSURANCE
–insurance aspects of insulin resistant diabetics, 80
INTESTINES
–endometriosis with particular reference to involvement of the sigmoid, 239
–physics in intestinal intubation, 154
diverticula:
–surgical management of the complications of diverticulitis of the large intestine, analysis of 202 cases, 446
obstruction:
–congenital obstructions of the alimentary tract in infants and children, errors of rotation of the midgut, 269
–obstruction of the bowel due to gallstone, 319
INTRACAINE
–intracaine lubricant as a urethral anesthetic, 86
INTUBATION
–physics in intestinal intubation, 154
INTUSSUSCEPTION
–in infants and children, 456
IODINE
–prophyl and methyl thiouracil and radio-active iodine in the treatment of hyperthyroidism, 219
–urinary excretion of radioactive iodine as a diognostic test in thyroid disease, 77
IRON
prophylactic use of a molybdenum-iron complex in pregnant patients, 232, 312
ISOTOPES—*See Radioactive Isotopes.*
JAUNDICE
–approach to the distinction of medical and surgical jaundice, 14, 258
–brucellosis with jaundice; report of a case, 76
JURISPRUDENCE
–medicolegal aspects of radiation injury, 53
KERATODERMIA
–keratodermia palmaris et plantaris, 353
KERATOMALACIA
–case of keratomalacia cured by penicillin and vitamin A, 289
KERATOSIS FOLLICULARIS
–chronic benign familial pemphigus, a probable vesicular variant of keratosis follicularis, 350
KIDNEY
–acute renal insufficiency; a comparison of the use of an artificial kidney, peritoneal lavage and more conservative measures in its management, 205
–diagnosis and management of pyelonephritis, 156
–late complications of urinary bilharziasis, 240
–management of urinary infections, 241
–medical treatment in urinary tuberculosis; case reports, 85
–treatment of the "shock kidney", 42
function:
–nephrotoxicity of bacitracin in man, 283
injuries:
–renal injuries, 321
LABOR
–intravenous use of dilute pituitrin for the induction and stimulation of labor; a preliminary report, 144
–minimal saddle-block anesthesia for vaginal delivery, 110
–prophylactic use of penicillin and streptomycin in certain obstetric

conditions, 229
–use of saddle-block for obstetrics in small institutions; a preliminary report of observations in 132 cases, 111
complications—See also Uterus, rupture.
–analysis of breech deliveries in a general hospital, 232
–intravenous use of dilute pituitrin for induction and stimulation of labor, a preliminary report, 231
–review of management of persistent occiput posterior positions, 109
LACTATION
–suppression of lactation in puerperae by ethinyl estradiol, 438
–use of the male sex hormone in the inhibition and suppression of lactation, 439
LENSES
–bifocal lenses, 328
–practice of ventilated contact lenses, 52
LEUKEMIA
–effect of transfusions and antibiotics upon the duration of life in children with lymphogenous leukemia, 454
LEUKOCYTES
–leukocyte and differential blood counts as a diagnostic aid in some common dermatologic problems, 135
LIPEMIA
–diabetes mellitus complicated by hypercholesterolemia, lipemia retinalis and hepatomegaly; a case report, 190
LIVER
–gynecomastia in "liver dysfunction" diabetes, 411
–lipotropic agents in treatment of liver dysfunction of diabetes mellitus, 73
–liver function in chronic alcoholic patients; a study of 300 consecutive admissions, 79
–methionine test; a new test of liver function, 176
LIVER
diseases—*See Hepatitis*
LOBOTOMY
–preliminary report of 62 prefrontal lobotomies on psychotic male veterans at the Veterans Hospital, Northport, Long Island, New York, 467
LUMBAR PUNCTURE
–treatment of postlumbar puncture headache with DHE-45 (dihydroergotamine), 236
LUNGS
abscess:
treatment of lung abscess by inhalation of micropulverized penicillin, 260
diseases:
–treatment and prevention of pulmonary embolism, venous thrombosis and other thrombo-embolic episodes, 67
LUPUS ERYTHEMATOSUS
–possible recovery from disseminated lupus erythematosus, 429
LUPUS VULGARIS
–some investigations on the value of calciferol therapy in lupus vulgaris, 428
LYMPHOGRANULOMA VENEREUM
–anorectogenital lymphogranuloma venereum and granuloma inguinale treated with aureomycin, 387
public health aspects of lymphogranuloma venereum, 22
–treatment of lymphogranuloma venereum with aureomycin, 245
LYMPHOPATHY
–adrenal cortex and lymphopathy, 379
LYMPHOSARCOMA
–lymphosarcoma treated with nitrogen mustard, report of a case, 167
LYSINE
–use of radioactive lysine in studies of protein metabolism; synthesis and utilization of plasma proteins, 75
MAL DE MELEDA
–mal de meleda, 351
MALARIA
–advances in knowledge of the malaria parasite, 415
treatment:
–observations on the effect of certain of the antimalarial drugs on erythrocytes, 453
–treatment of falciparum malaria with intramuscular chloroquine, 71, 173
MALIGNANCY
–case of transplacental metastasis of malignant melanoma from mother to fetus, 106
MASCULINITY
–deficient development of masculinity, 227
MASTITIS
–acute mastitis, 28
MAXILLA
–diagnosis and treatment of maxillary cysts, 243
MEASLES
immunity:
–does modified measles result in lasting immunity, 461
MEDIASTINAL PACKING
–packing of mediastinum in treatment of hematemesis due to esophageal varices, 151
MEIGS' SYNDROME
–a report of 3 cases, 397
MELANOMA
–case of transplacental metastasis of malignant melanoma from mother to fetus, 106
MEMBRANES
premature rupture:
–premature rupture of the membranes, 147
–role of infection in premature rupture of the membranes, 146, 309, 435
MENARCHE
–further observations on the age of menarche, 396
MENINGITIS
–case of erythema nodosum following benign abacterial meningitis, 299
–in premature infants, 271

–modern treatment of meningitis, 131
–streptococcic viridans meningitis, a review of the literature and report of nine recoveries, 450
tuberculous:
–results of treatment of miliary tuberculosis and tuberculosis meningitis with streptomycin after a year's experience, 340
MENOPAUSE
–hormoestrol in the treatment of chronic non-inflammatory rheumatisms after the menopause, 379
–hormone deficiency during the menopause and in old age, 317
–vitamin E in the menopause, 188
MENSTRUATION—*See also Menarche.*
–effect of electric shock therapy on the menstrual cycle in psychiatric disorders, 441
–estrogenic therapy with prolonged action; report on water suspension of estradiol monobenzoate, 106
painful—See Dysmenorrhea.
MERCURITAL
–clinical experience with mercurital, an oral mecurial diuretic in ambulatory patients, 447
MERCURY—*See also Diuretics, mercurial*
–use of BAL (British Anti-Lewisite) in treatment of the injurious effects of arsenic, mercury, and other metallic poisons, 7
–treatment of ascaridiasis and the danger of mercurial drugs for this purpose, 182
MESANTOIN
–treatment of adults for epilepsy, I. Toxic effect of 3-methyl 5-5-phenylethylhydantoin. II. General principles, 180, 181
MESENTERY
arteries:
–carcinoma of the upper rectum and rectosigmoid, clinical report of high inferior mesenteric ligation, 444
METABOLISM
–cholesterol metabolism in health and disease, 74
METHIONINE
–methionine test; a new test of liver function, 176
METHYL ALCOHOL
–acute methyl alcohol poisoning, 289
METHYL ISO-OCTENYLAMINE — *See Octin.*
METHYLCELLULOSE
–method of improving function of the bowel; use of methylcellulose, 65
METHYLTHIOURACIL
–methylthiouracil; an antithyroid agent, 100, 253
METUBINE
–use of metubine in anesthesiology, 443
MIDDLE EAR
cancer:
–early detection of middle ear malignancy, 285
MIGRAINE
–treatment of migraine with cafergone, 170
–use of ergot-caffein suppositories in migraine, 169
MILK
–naturally fortified milk modifier, clinical studies of apple syrup as a carbohydrate for infant feeding, 307
MINERAL OIL
–lipoid pneumonia due to the use of mineral oil as a laxative, 420
MOLYBDENUM
–prophylactic use of a molybdenum-iron complex in pregnant patients, 232, 312
MONILIASIS
–oral and pharyngeal moniliasis, report of ten cases, 192
–vulvovaginal moniliasis, 316
MONONUCLEOSIS
–eosinophilia in infectious mononucleosis, 128
MONSTER
–instincts and emotions in an anencephalic monster, 107
MULTIPLE SCLEROSIS
–correlations of its incidence with dietary fat, 466
MUMPS
–diethylstilbestrol in mumps orchitis; prophylactic and therapeutic use, 158
–gelatinous edema, a pathognomonic sign in mumps, 306
MURACIL
–new name for antibason, 90
MUSCLE
cramps:
–action of panthenol (pantothenic acid) on the muscle cramps of pregnant women, 312
MUSCULAR ATROPHY
–hereditary factors in infantils progressive muscular atrophy, study of 112 cases in 70 families, 390
MYALGIA
–pelvic myalgia; a complication of posterior urethritis in males and females, 202
MYANESIN
–case of post-traumatic parkinsonism treated with myanesin, 389
MYOCARDIUM
infarction:
–clinical patterns of myocardial infarction in ambulant patients, 415
–use of dicumarol in acute myocardial infarction, 297
NARCOTICS
–withdrawal treatment of drug addiction, 165
NAVICULAR BONE
–treatment of carpal navicular injuries, 87
NEOANTERGAN
–parenteral use of neo-antergan, a clinical study, 426
NEPHROCALCINOSIS
–nephrocalcinosis and pseudomonas aeru-

ginosa pyelonephritis; treatment with p-aminomethylbenzene-sulfonamide (sulfamylon), 203
NEPHROSIS
–recent advances in our knowledge concerning the nephrotic syndrome, 84
NEUROPATHY
–effect of vitamin B_{12} on pain in nutritional neuropathy, 464
NEUROSYPHILIS
–effect of induced fever on cerebral function in neurosyphilis, 468
–penicillin therapy in asymptomatic neurosyphilis, 330
NEWBORN
–antenatal thrombosis, 143
–epidemic diarrhea of the newborn during and after the neonatal period, 460
–ethylene disulfonate and hemolytic disease of the newborn, 21
–hemorrhagic manifestations in the newborn, 142
–newborn infant with an abdominal mass resembling a uterus relatively enlarged to the size of a nine months' pregnancy, 108
–physiologic background of fetal anoxia at birth and cyanosis in the newborn, 230
NITROGEN BALANCE—*See Proteins.*
NITROGEN MUSTARD
–clinical study of the use of nitrogen mustard therapy in polycythemia vera, 420
–lymphosarcoma treated with nitrogen mustard, 167
–treatment of brochogenic carcinoma with nitrogen mustard, 126
NITROUS OXIDE
–combined anesthesia with sodium pentothal curare and nitrous oxide, report of 625 cases, 371
NUTRITION—*See Proteins.*
OBSTETRICS
–"crush" syndrome in obstetrics and gynecology, 187
–prophylactic use of penicillin and streptomycin in certain obstetric conditions, 229
OCCIPUT POSITION
–review of management of persistent occiput posterior positions, 109
OCTIN
–evaluation of a new agent (methyl-iso-octenylamine in the treatment of vasodilating headaches, 254
OLD AGE
–hormonal therapy in the aging, 419
–hormone deficiency during the menopause and in old age, 317
ORCHITIS—*See Testes.*
OTORHINOLARYNGOLOGY
–use of thiopental sodium U.S.P. (sodium pentothal) in operations on ear, nose and throat, 49
PAIN
–newer analgesic methods and agents of value in the control of pain, 238
PANCREATITIS
–acute pancreatitis: a review of present concepts as related to forty-six cases in the District of Columbia, 132
PANTOTHENIC ACID—*See Vitamin B.*
PARA NETROPHENOL
–treatment of pruritus ani with para nitrophenol and sodium iodate, 430
PARALYSIS
infantile:
–mechanism of asphyxiation in bulbospinal infantile paralysis with initial experiences in surgical therapy, 155
PARAPLEGIA
–pain threshold studies on paraplegic patients, 469
PARKINSONISM
–case of post-traumatic parkinsonism treated with myanesin, 389
–treatment of parkinsonism with artane, 266
PASEM SODIUM
–Pasem Sodium for the treatment of tuberculosis, 91
PEMPHIGUS
–chronic benign familial pemphigus, a probable vesicular variant of keratosis follicularis, 350
–vesicular Darier's disease (so-called benign familial pemphigus), a variant of Darier's disease, 352
PENICILLIN
–case of keratomalacia cured by penicillin and vitamin A, 289
–fatal Herxheimer reaction following penicillin therapy, 246
–hypo-allergic penicillin, 424
–occurrence of false positive tests for albumen and glucose in the urine during the course of massive penicillin therapy, 449
–oral penicillin in the treatment of gonococcal urethritis, 388
–penicillin therapy in asymptomatic neurosyphilis, 330
–prevention of gonorrhea with penicillin tablets, 160
–prophylactic use of penicillin and streptomycin in certain obstetric conditions, 229
–report of 726 patients who were retreated following penicillin therapy for early syphilis, 341
–treatment of gonorrhea in the female by local submucous injections of penicillin, 190
–treatment of lung abscess by inhalation of micropulverized penicillin, 260
PEPTIC ULCER—*See also Duodenum, ulcer; Gastric Ulcer.*
–bleeding peptic ulcers, 30
–report on peptic ulcer therapy using a new antacid, 102, 172
–simplified method of diagnosing peptic ulceration and determining activity, 71
–surgical treatment of peptic ulcer; surgical indications and operative procedure, 198

PERAZIL
–clinical evaluation of chlorcyclizine (perazil), 217
PERIPHERAL VASCULAR DISEASE
–dihydrogenated alkaloids of ergot in treatment of peripheral vascular disease, 130
–newer therapeutic agents in peripheral vascular disease, 129
PERITONITIS
–appendicitis, with consideration of the newer drugs in appendiceal peritonitis, 36
PERNICIOUS ANEMIA—*See Anemia, pernicious.*
PETIT MAL
–fatality following "tridione," 140
PHARYNX
–oral and pharyngeal moniliasis, 192
PHENINDAMINE—*See Thephorin.*
PHENOPHTHALEIN
–fixed eruption and urethritis due to phenolphthalein, 222
PITUITARY
–rheumatoid arthritis, studies of adrenocortical and hypophyseal function and the effects thereon of testosterone and pregnenolone therapy, 409
PITUITRIN
–intravenous use of dilute pitruitrin for the induction and stimulation of labor; a preliminary report, 144, 231
–pituitrin therapy in hydronephrosis, 84
PLASMA
–methyl testesterone and plasma for premature infants, 313
PNEUMONIA
–aureomycin in near fatal atypical pneumonia; case report, 103
–chloromycetin in the treatment of pneumonia in infants and children, a preliminary report on 33 cases, 268
–hemolytic anemia complicating virus pneumonia, 81
lipid:
–lipid pneumonia due to the use of mineral oil as a laxative, 420
PNEUMOTHORAX
Spontaneous:
–surgical management of chronic "spontaneous" pneumothorax, 371
POISON IVY
–prophylaxis of Rhus toxicodendron dermatitis, 138
POISONING
–boric acid as a poison, 22
–ingestion by children of various substances, including poisons, 228
–use of BAL (British Anti-Lewisite) in treatment of the injurious effects of arsenic, mercury and other metallic poisons, 7
POLIOMYELITIS
–serum potassium in poliomyelitis, 462
–studies on poliomyelitis in Ontario, 272
POLYCYTHEMIA VERA
–clinical study of the use of nitrogen mustard therapy in polycythemia vera, 420
POLYSACCHARIDES
–histochemical study on polysaccharides in normal and diseased skin, 263
PONTOCAINE
–intravenous administration of tetracaine (pontocaine) hydrochoride, 419
–prolonged spinal anesthesia using neosynephrin-pontocaine, 238
PORPHYRIA
–acute idiopathic porphyria; report of a case, 13
POTASSIUM
–serum potassium in poliomyelitis, 462
PREGNANCY
–action of panthenol (pantothenic acid) on the muscle cramps of pregnant women, 312
–bladder in, 310
–coexisting intrauterine and extrauterine pregnancy, 27
–diabetes in pregnancy, 311
–diethystilbestrol in nausea and vomiting of pregnancy, 273
–effect of diethylstilbestrol in prolongation of pregnancy, 115, 186
–endometrial hyperplasia producing a syndrome simulating early pregnancy, 439
–experience with Rh typing in obstetrics, observations in a series of 100 Rh-negative pregnant women, 315
–following splenectomy, 310
–nausea and vomiting induced by pregnancy or by administration of synthetic estrogen; treatment with antihistamine compounds; a further study of an additional 50 cases, 186
–prophylactic use of a molybdenum-iron complex in pregnant patients, 112, 232
–spontaneous rupture of a four month pregnant uterus not in labor, 108
–subacute bacterial endocarditis in pregnancy, 145
–use of diethylstilbestrol to prevent fatal loss from complications of late pregnancy, 105, 185
–use of glutamic acid for nausea and vomiting of pregnancy, 435
ectopic:
–diagnosis and treatment of ectopic pregnancy, 434
tests:
–simple accurate pregnancy test, 144
toxemia—See also Eclampsia.
–chorionic gonadotrophin in toxemias of pregnancy, 392
PREGNENOLONE
–rheumatoid arthritis; clinical effects of testosterone and pregnenolene therapy, 408
–rheumatoid arthritis, studies on adrenocortical and hypophyseal function and the effects thereon of testosterone and prevenenolone therapy, 409
–treatment of rheumatoid arthritis with pregnenolone, 409
PREMATURITY

–premature rupture of the membranes, 147
–role of infection in premature rupture of the membranes, 146
PROCAINE
–application of intravenous procaine therapy in traumatic surgery, 237
PROSTIGMIN
–use of a cholinergic agent in diagnosis of borderline cardias disease, 133
PROTEIN HYDROLYSATE
–studies on the nitrogen metabolism in premature infants fed on breast-milk with and without addition of protein hydrolysate, 270
PROTEINS
–protein metabolism in chronic illness, effect of protein supplementation on nitrogen balance, hemoglobin, serum proteins and weight in the malnourished and the effect of the nutritional status on nitrogen storage, 414
–use of radioactive lysine in studies of protein metabolism; synthesis and utilization of plasma proteins, 75
PRURITUS
–control of pruritis with diphenhydramine (Benadryl) hydrochloride ointment, 385
PRURITUS ANI
–treatment of pruritus ani with para nitrophenol and sodium iodate, 430
PSORIASIS
–undecylenic acid treatment in psoriasis, 223
PSYCHIATRIST
–dermatologist and the psychiatrist, 122
PSYCHONEUROSES
–epileptic variants often mistaken for the psychoneuroses; differential diagnosis and treatment, 19
PSYCHOSOMATIC MEDICINE
–anorexia nervosa, 224
–deficient development of masculinity, 227
–emotional traumata preceding the onset of allergic symptoms in a group of children, 226
–life situations, emotions and colonic function, 139
–organic-psychic late sequelae of transfusion accident, 141
–psychosomatic aspects of essential hypertension, 181
–psychosomatic aspects of general medicine, 83
–psychosomatic therapy in general practice, 225
PSYCHOTHERAPY
–problem of medical and lay psychotherapy, 354
PUERPERIUM
–early rising for puerperal women, 440
PYELONEPHRITIS
–diagnosis and management of pyelonephritis, 156
–nephrocalcinosis and pseudomonas aeruginosa pyelonephritis; treatment with p-aminomethlybenzene-sulfonamide (sulfamylon), 203
PYURIA
–amicrobic pyuria, 204
QUINIDINE
–use of quinidine, 9
RADIATION
–safety factors for radium-containing static eliminators; used in printing and allied industries, 120
–treatment of congenital glaucoma with beta radiation, report of a case, 116
RADIATION BURNS
–radiation burns, including vocational and atomic exposures, treatment and surgical prevention of chronic lesions, 279
RADIATION SICKNESS
–treatment of radiation sickness with a synthetic antihistamine, 252
RADIATION THERAPY
–herpes zoster after irradation, 300
RADIOACTIVE ISOTOPES
–present status of radioactive isotopes in medicine, 384
RADIUM
–medicolegal aspects of radiation injury, 53
RECTUM
cancer:
–carcinoma of the upper rectum and rectosigmoid, clinical report on high inferior mesenteric ligation, 444
RED BLOOD CELL PASTE
–use of red blood cell paste in the treatment of chronic leg ulcers, 34
RESPIRATORS
–spirometry as a means for studying ventilatory function of patients in mechanical respirators, 450
RETINAL ARTERY
–diagnostic significance of retinal arterial systolic pressure; endarteritis obliterans of the central retinal artery, 191
RH FACTOR
–case of maternal immunization with erythroblastosis fetalis, 27
–ethylene disulfonate and hemolytic disease of the newborn, 21
–experiences with routine Rh typing in obstetrics, observations in a series of 100 Rh-negative pregnant women, 315
–results of treatment with Rh hapten, 394
–study of the occurrence of normal Rh-negative infants born to sensitized Rh-negative women, 463
RHEUMATIC HEART DISEASE
–cephalin-cholesterol flocculation reaction in rheumatic heart disease, 349
RHEUMATISM
–hormoestrol in the treatment of chronic non-inflammatory rheumatisms after the menopause, 379
RINGWORM
–ringworm of the scalp in school children of Louisville, 143

ROSACEA
–rosacea complex including its ocular component, 327
RUBELLA
–rubella deafened children, comparison of a group of rubella-deafened children with a group of hereditarily deaf children and their sibs, 271
SADDLE-BLOCK
–minimal saddle-block anesthesia for vaginal delivery, 110
–use of saddle-block for obstetrics in small institutions: a preliminary report of observations in 132 cases, 111
SCABIES
–ten per cent crotonyl-N-ethyl-o-toluidine ointment (Eurax), a new sacheticidal agent, 17
SCARLET FEVER
–present status of immunization to and treatment of scarlet fever, 308
SCLEROSIS
–rectal administration of tolserol; therapeutic efficacy of this route as demonstrated in amyotrophic lateral sclerosis, 10
SCRATCH TESTS
–death during skin testing, 178
SHOCK
–treatment of the "shock kidney", 42
SICKLE CELL DISEASE
–hematuria and sickle cell disease, unexplained gross unilateral, renal hematuria in negroes, coincident with the blood sickling trait, 284
SILICOSIS
–silicosis; summary of recent literature, 61
SKIN
–histochemical study on polysaccharides in normal and diseased skin, 263
diseases:
–associated eye and skin manifestations of systemic diseases, 326
ulcers:
–treatment of indolent ulcers of the skin, 430
SKIN GRAFTS
–preschool age repair of hypospadias with free inlay skin graft, 43
SMELL
–effect of alcohol upon olfactory acuity and the sensation complex of appetite and satiety, 163
SODIUM IODATE
–treatment of pruritus ani with para nitrophenol and sodium iodate, 430
SODIUM PENTOTHAL
–combined anesthesia with sodium pentothal, curare and nitrous oxide, report of 625 cases, 371
–use of thiopental sodium U.S.P. (sodium pentothal) in operations on ear, nose and throat, 49
SODIUM SUCCINATE
–sodium succinate as a test of circulatory efficiency (reference), 380
SPINAL PUNCTURE
–use and abuse of spinal puncture and cerebrospinal fluid studies, 20
SPIROMETRY
–as a means for studying ventilatory function of patients in mechanical respirators, 450
SPLENECTOMY
–pregnancy following splenectomy, 310
SPOROTRICHOSIS
–with asteroid tissue forms, 351
SPUTUM
–carcinoma cells in sputum and bronchial secretions; a study of 150 consecutive cases in which results were positive, 82
STATUS EPILEPTICUS
–treatment of status epilepticus, 303
STERILITY
–hystosalpingography in the study of sterility, 398
–problems and treatment of the infertile couple, 247
STERILIZATION
–Pomeroy method of sterilization, 436
STEROIDS
–effects of certain steroid compounds on various manifestations of rheumatic arthritis, 69
STILBESTROL
–effect of diethylstilbestrol in the prolongation of pregnancy, 186
–micronized stilbestrol with B complex vitamins for essential dysmenorrhea, 369
–use of diethylstilbestrol to prevent fetal loss from complications of late pregnancy, 185
STOMACH
–prolapse of gastric mucosa through the pylorus, presentation of a case with severe hemorrhage, 281
STOMATITIS—*See Gingivostomatitis.*
–death from dermatitis and stomatitis during streptomycin therapy, 297
STREPTOCOCCUS
viridans:
–streptococcic viridans meningitis, a review of the literature and report of nine recoveries, 450
STREPTOMYCIN—*See also Sulfamylon-Streptomycin.*
–assessment of streptomycin in medical practice, 171
–dermatoses due to contact and treatment with streptomycin, 180
–prophylactic use of penicillin and streptomycin in certain obstetric conditions, 229
–results of treatment of miliary tuberculosis and tuberculosis meningitis with streptomycin after a year's experience, 340
–some observations upon the otological effects of streptomycin intoxication, 47
–treatment of granuloma inguinale with streptomycin, 437
–tuberculosis of the upper respiratory and digestive tracts and streptomycin, 48
–use of a new linear diffusion method for

microbiological assay of streptomycin and dihydrostreptomycin, 104
toxic effects:
–death from dermatitis and stomatitis during streptomycin therapy, 297
–streptomycin stomatitis, 256
STRING TEST
–simplified method of diagnosing peptic ulceration and determining activity, 71
SULFAMYLON–STREPTOMYCIN
–use of sulfamylon-streptomycin mixtures in the prevention and treatment of local infections, 97, 255
SULFONAMIDES
–local and general sulfamide therapy in diseases of the eye, (badional, eleudron, supronalum and marabadal), 244
–nephrocalcinosis and pseudomonas aeruginosa pyelonephritis; treatment with p-aminomethylbenzene-sulfonamide (sulfamylon), 203
–studies on the absorption, excretion and acute toxicity of sulfonamide mixture, 80
–sulfadiazine-sulfamerazine-sulfamethazine mixture, accepted for admission to New and Nonofficial Remedies, 308
–sulfamide therapy of erysipelas of the head; report of 250 cases treated over a period of ten years, 222
toxic effects:
–sulfonamide hematuria, frequency of injury to the urinary tract as estimated on the basis of 6,084 cases treated with different sulfonamide preparations, 391
SUNBURN
–new indications for antihistamine therapy, sunburn and insect bites, 295
SUPERSONIC THERAPY—*See also Ultrasonic Therapy.*
–preliminary experience with supersonic therapy in dermatoses, 264
SURGERY
traumatic:
–application of intravenous procaine therapy in traumatic surgery, 237
SYMPATHETIC BLOCK
–use of sympathetic nerve block in the ambulatory patient with special reference to its use in herpes zoster, 416
SYPHILIS—*See also Neurosyphilis.*
–fatal Herxheimer reaction following penicillin therapy, 246
–report of 726 patients who were retreated following penicillin therapy for early syphilis, 341
–seropositivity in patients previously treated for syphilis; the differentiation between seroresistence and "treatment failure", 137
–treatment of syphilis with aureomycin administered by mouth, 329
congenital:
–potentialities in congenital syphilis with case presentations, 331
TAENIA
–treatment of taenia saginata with a hexylresorcinol emulsion administered into the duodenum, 15
TERRAMYCIN
–clinical evaluation of aureomycin, chloramphenicol, and terramycin, 407
–clinical observations on the use of terramycin hydrochloride, 218
–terramycin in treatment of venereal disease; a preliminary report, 245
TESTES
–cryptorchidism, 44
–diethylstilbestrol in mumps orchitis; prophylactic and therapeutic use, 158
–interstitial cell tumors of testis; review of literature and report of case; discussion of gynecomastia and testosterone; incidence in animals and experimental production of interstitial cell tumors, 201
TESTOSTERONE
–experimental use of testosterone compounds in premature infants, 183
–methyl testosterone and plasma for premature infants, 313
–rheumatoid arthritis, clinical effects of testosterone and pregnenolone therapy, 408
–rheumatoid arthritis, studies of adrenocortical and hypophyeal function and the effects thereon of testosterone and pregnenolone therapy, 409
–use of the male sex hormone in the inhibition and suppression of lactation, 439
TETRACAINE—*See Pontocaine.*
TETRAETHYLAMMONIUM BROMIDE
–relief of pain in rheumatoid arthritis with tetraethylammonium bromide, 127
TETRAETHYLTHIURAMDISULFIDE
–tetraethylthiruamdisulphide in the treatment of alcoholics, 177
THEPHORIN
–thephorin (phenindamine) in the treatment of gastrointestinal allergy, 104, 252
THIOMERIN
–clinical experience with thiomerin, 347
–clinical report on the toxicity of a new mercurial diuretic (thiomerin) for subcutaneous administration, 176
THIOURACIL
–propyl and methyl thiouracil and radioactive iodine in the treatment of hyperthyroidism, 219
THIOUREA
–toxic effects of antithyroid drugs, 100
THORACOPLASTY
–blood volume changes in tuberculosis patients treated by thoracoplasty, 372
THROMBOEMBOLISM
–dicumarol prophylaxis of thromboembolic disease in congestive heart failure, 253

THROMBOSIS
–antenatal thrombosis, 143
–thromboembolism, 149
–treatment and prevention of pulmonary embolism, venous thrombosis and other thrombo-embolic episodes, 67
THYROID—*See also Hyperthyroidism.*
–methylthiouracil; an antithyroid agent, 100
–propyl and methyl thiouracil and radioactive iodine in the treatment of hyperthyroidism, 219
–toxic effects of antithyroid drugs, 100
–urinary excretion of radioactive iodine as a diagnostic test in thyroid disease, 77
TITRALAC
–laboratory and clinical evaluation of a new antacid preparation, 68
TOLSEROL
–rectal administration of tolserol; therapeutic efficacy of this route as demonstrated in amyotrophic lateral sclerosis, 10
TONSILLECTOMY
–otolaryngologist looks at the tonsil and adenoid problem, 120
TONSILLITIS
pharyngeal:
–acute pharyngeal tonsillitis and sequelae, 284
TONSILS
–eliminating function of the tonsils, 374
TOXEMIA
pregnancy—See Pregnancy toxemia.
TOXOIDS—*See Vaccines.*
TRAUMA
–injuries of the extremities as specific sequelae of electric trauma, 200
–nonpenetrating injuries of the abdomen, 99
TRIDIONE
–fatality following "tridione", 140, 265
TRIPELENNAMINE HYDROCHLORIDE
–urinary obstruction due to tripelennamine hydrochloride, 162
TUBERCULOSIS
–blood volume changes in tuberculosis patients treated by thoracoplasty, 372
–erythema nodosum in an eighteen-month old infant which led to discovery of moderately advanced tuberculosis in the mother, 179
–medical treatment in urinary tuberculosis; case reports, 85
–Paser sodium for the treatment of tuberculosis 91
–results of treatment of miliary tuberculosis and tuberculosis meningitis with streptomycin after a year's experience, 340
–tuberculosis of the upper respiratory and digestive tracts and streptomycin, 48
TUBOCURARINE—*See Curare.*
TUMORS
–newborn infant with an abdominal mass resembling a uterus relatively enlarged to the size of a nine months' pregnancy, 108
TYPHOID FEVER
–chloromycetin in treatment of typhoid fever, 170
–treatment of typhoid fever with chloromycetin, 132
–treatment of typhoid fever with chloromycetin; results in four cases and in a chronic carrier, 11, 170
complications:
–chloromycetin in the treatment of encephalitic forms of typhoid fever, 261
ULCERS
–new treatment of varicose ulcer; report of eight cases, 11
–treatment of indolent ulcers of the skin, 430
–use of red blood cell paste in the treatment of chronic leg ulcers, 34
ULTRASONIC THERAPY
–experiences with ultrasonic therapy in the surgical clinic of the University of Würzburg, 373
UMBILICAL CORD
–simplified cord tie, 394
UNDECYLENIC ACID
–undecylenic acid treatment in psoriasis, 223
URACHUS
–sarcoma of the urachus; report of a case and brief review of the subject, 157
UREMIA
–conservative treatment of anuric uremia, 204
URETER
–ureter, gynecologist and urologist, 205
–ureteral obstruction associated with carcinoma of the cervix, 45
URETHRA
–intracaine lubricant as a urethral anesthetic, 86
–pelvic myalgia; a complication of posterior urethritis in males and females, 202
URETHRITIS
–fixed eruption and urethritis due to phenolphthalein, 222
URINALYSIS
–simple and rapid urine test for estimating the severity of chronic infection and for controlling the dosage of vaccines, 161
URINARY TRACT
–amicrobic pyuria, 204
infections:
–chloramphenicol in bacillary infections of the urinary tract, 159
–gastrisin; an in vivo and in vitro study in urinary infections, 78
–management of urinary infections, 241
–oral administration of aureomycin in the treatment of urinary infections, 86
–present status of antibiotics and other agents for the treatment of urinary infections, 321
URINATION
–urinary obstruction due to tripelennamine hydrochloride, 162

UROLOGIC SURGERY
–clinical evaluation of a bactericidal detergent for hand preparation in urologic practice, 282
UROLOGY
–recent advances in urology, 40
UTERUS—*See also Endometrium.*
–postmenopausal bleeding from benign uterine lesions, 233
cancer:
–diagnosis of preinvasive carcinoma of the cervix, 189
–early diagnosis and treatment of early cancer of the cervix, 399
–ureteral obstruction associated with carcinoma of the cervix, 45
cervix:
–newer methods in the treatment of the abnormal cervix, 442
rupture:
–interstitial hydatid mole with spontaneous perforation and rupture of the uterine cornu, 113
–rupture of the uterus in labour due to previous perforation of its walls at curettage, 393
–spontaneous rupture of a four month pregnant uterus not in labor, 108
VACCINES
–simple and rapid urine test for estimating the severity of chronic infection and for controlling the dosage of vaccines, 161
–measure of immunologic responses to an improved preparation of diphtheria and tetanus toxoids (alum precipitated) combined with pertussis vaccine, 458
VAGINA
–technic for vaginal hysterectomy with only four vascular pedicles with the aid of a special cystic duct forceps, 33
artificial:
–improvement in the technique of constructing the vagina, 440
discharge:
–management of vaginal discharge, 275
infections:
–vulvovaginal monilíasis, 316
VAGOTOMY
–recurrence of gastric ulcer after complete vagotomy, 28
VARICOSE VEINS
–new treatment of varicose ulcer; report of eight cases, 11
VASCULAR DISEASES
–newer therapeutic agents in peripheral vascular disease, 129
VASODILATORS
–in the treatment of functional dysmenorrhea, 274
VENEREAL DISEASES—*See also Gonorrhea, Syphilis.*
–public health aspects of lymphogranuloma venereum, 22
–terramycin in treatment of venereal disease; a preliminary report, 245
VENTRICULAR FIBRILLATION
–Adams-Stokes attacks caused by ventricular fibrillation in a man with otherwise normal heart, 296
VERATRUM VIRIDE
–veratrum viride (bioassayed) in the treatment of essential hypertension, 221, 380
VESICOVAGINAL FISTULA
–use of a ball tractor in repair of vesicovaginal fistula, 115
–vesicovaginal fistula cured without major surgery, 116
VITAMIN A
–case of keratomalacia cured by penicillin and vitamin A, 289
VITAMIN B
–action of panthenol (pantothenic acid) on the muscle cramps of pregnant women, 312
–effect of vitamin B_{12} on pain in nutritional neuropathy, 464
–hemopoietic response of patients with pernicious anemia to crystalline vitamin B_{12}, 257
–micronized stilbestrol with B complex vitamins for essential dysmenorrhea, 369
–treatment of quadriplegia following eclampsia with vitamin B_6, adermin, 145
–dangers of excessive dosage of vitamin D_2 in children, 304
WOUNDS
–effect of local anesthesia on the tensile strength of healing wounds, 319

CUMULATIVE AUTHOR INDEX

Volume 7, 1950
